**(Indian Forest service)**

Sir, during entire journey of civil service preparation, your guidance has been very important to keep myself on the right track. You made many difficult topics and subjects very simple and easy to understand. I would like to thank you especially for my optional History and interview preparation.

Sir, thank you so much for such a great help and encouragement.

**Gayatri Hyalinge (History Opt.)**

Thank you very much sir, could never have reached there, without you. Reading your message, "some battles are worth fighting...." still drives to do better!
